Team Members: Caleb Rock, Kareem Eljaam, Logan McDermott, Colsen Selk, Ben Meinders

Report Period: Oct 22-Nov 5

### **Summary of Progress in this Period**

We've set up our meeting with our client and have prepared documents to share with them and explain our design, and some algorithms we have chosen to integrate into our hardware and software. Found IP's to use for hardware.

---

### **Pending Issues**

Choose what algorithms we will test.

---

### **Plans for Upcoming Reporting Period**

Meet with client and showcase our progress. Do testing design document. Start developing software testing on python.
